Information on enforcement measures imposed during the reporting quarter

The Bank of Lithuania conducted a targeted inspection of AS Finora Group and Finora Bank UAB. It assessed how the group and the bank ensured the effectiveness of their internal governance and control systems, and managed credit, liquidity and interest rate risk in the banking book, over selected periods in 2023-2024. In the case of Finora Bank UAB, the inspection also covered operational risk management, outsourcing, and information and communication technology (ICT) and security. Breaches and shortcomings were identified during the inspection.

AS Finora Group and Finora Bank UAB approached the Bank of Lithuania regarding the possibility of concluding administrative agreements. Both the group and the bank prepared remediation plans for the breaches and shortcomings and submitted documents demonstrating that the identified breaches and shortcomings are either being remediated or have already been remediated.

Having assessed the information received, the Bank of Lithuania decided to conclude the administrative agreements. The parties agreed on enforcement measures (public announcement, warning and a financial

sanction); AS Finora Group and Finora Bank UAB undertook to remediate the remaining breaches and shortcomings by the end of this year.

Public announcement

AS Finora Group: for failing to ensure the management of interest rate risk in the banking book at consolidated level, and for shortcomings in the system for assessing and calculating liquidity ratios.

Finora Bank UAB: for failing, during the period under review, to ensure effective operational risk management, for non-compliance with the requirements on the frequency of calculating the liquidity coverage ratio (LCR), and for shortcomings in the LCR calculation system and in the system for managing interest rate risk in the banking book.

Warning

AS Finora Group: for failing to ensure an effective internal control system for credit risk and internal control in the management of liquidity risk.

Finora Bank UAB: for the identified shortcomings in internal control and ICT.

Financial sanction

For the identified breaches and shortcomings relating to own funds and large exposures requirements, the absence of a common group accounting policy and the resulting shortcomings in bookkeeping, the loan portfolio valuation and monitoring system, and the credit risk internal control system, a sanction of EUR 70 thousand was imposed on AS Finora Group.

For Finora Bank UAB's non-compliance with the large exposures limit requirements, and for shortcomings in ICT and security risk management processes, in the credit risk appetite and limit system, and in credit risk management, a sanction of EUR 69 thousand was imposed.
